### Content (Indicative)

This module examines the interaction between the external environment and business organisations. Consideration is given to the range of external influences on a business by examining political, economic, socio-cultural, technological, legal and environmental factors.

### Teaching and Learning Experience

- Blended Learning
- Guided Independent Study
- Lectures
- Seminars

### Module Learning Outcomes (MLOs)

On successful completion of this module students will be able to:

1. Outline key features of the environment affecting the conduct of business organisations.
2. Review how political, economic, social, technological, legal and environmental factors may impact on business operations.
3. Use collaboration to research examples from a range of business contexts.

## Assessment

Assessment task	Load	Weighting	Learning Outcomes assessed
Research Poster	up to 5000 words (or equivalent)	100%	1-3

## Indicative reading (APA 7th edition referenced)
